Amount Paid \$50.00 Date of Sale 09 / 14 / 2022

Describe condition of vehicle (example: needs new engine, bodywork etc.)

Needs new front end, tires, windshield.

Washington law (Chapter 82.12 RCW) imposes a use tax on vehicles purchased from persons who are not required to collect the retail sales tax. The tax is due from the buyer on the value of the vehicle at the time of first use. RCW 82.12.010(7)(a) defines "value of the article used" for use tax purposes. Value means the amount paid or contracted to be paid for the vehicle. If the purchase price does not represent the true value of the vehicle acquired, the value is to be determined as nearly as possible according to the retail selling price at place of use of similar vehicle(s) of like quality and character. The Department of Revenue may, based on this statutory provision, review and audit declarations of buyers and sellers regarding value of used vehicles sold with possible additional tax, interest and penalties as a result.

The following statements are made under the laws of the State of Washington. Indicate the city and state for "place signed." I declare, under penalty of perjury, that the above amount is the total amount paid or contracted to be paid for the described vehicle.
